Details: This is a fun time of shooting BIG guns. Bring your African Express rifles, double rifles, and bore guns (sporting arms only, please). There will be some light competition and just a lot of plain old shooting. We typically shoot till around 6:30, put away the guns, and then “fire up” the grill. Favorite beverages are broken out and the serious “story telling” begins. This has sort of turned into a “wild game feed”, but if you don’t have any game meat, bring what you have. Don’t forget the hearing and eye protection, sunscreen, bug dope, eating utensils, and a camp chair.
